

# GREAT LAKE SWIMMERS

New Album "**UNCERTAIN COUNTRY**" to be released April 28, 2023

## ABOUT

Featuring a blend of acoustic instruments, rural soundscapes, and wistful vocals, Great Lake Swimmers are a critically acclaimed indie-folk group led by songwriter/vocalist Tony Dekker with a revolving backing band. Based in Toronto, Ontario, the group emerged with a succession of heavily atmospheric albums recorded in old silos and rural country churches. The music has developed that pastoral warmth over subsequent albums through a continued vision to record and perform in acoustically unique and historical locales. They are renowned for their homespun folk and lush, intimate Americana in their live shows.

*"A minimalist, atmospheric compendium of songs with a sonic environment the listener can easily get lost in."* – **The Vue**

*"A national treasure."* - **CBC**
